

Heart Havens Month

Together, **Heart Havens and The United Methodist Church** have been addressing the need in Virginia for housing and services for adults with intellectual disabilities. We continue to need your help to provide the best possible care and the highest quality housing.

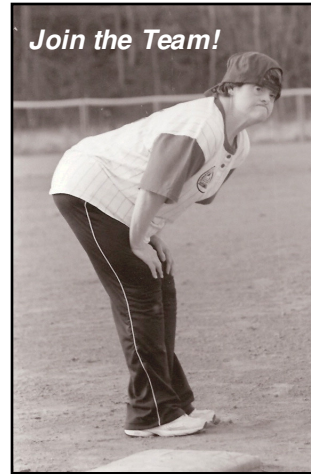

Join us as we celebrate **Heart Havens Month**, a time we set aside to inform the community about this ministry that was begun in 1996 by the Virginia Conference of The United Methodist Church.

Please pick up a brochure, visit our website, or call for information about Heart Havens. We invite you to donate individually or through your church. In these difficult financial times, if you are unable to donate, volunteers are always needed for home maintenance and yard work on nearly all ten of our homes across Virginia. Visits with residents is also a great way to make smiles and to learn first hand about your neighbors in a Heart Havens home.

Thank you!
